FlexFit™ Field-Adjustable Interior Aluminum Door Frame

Special-Lite® FlexFit™ Field-Adjustable Interior Aluminum Door Frames are engineered to simplify installation in real-world conditions where wall thicknesses may vary. Designed for interior commercial environments, FlexFit is adjusted on site during installation to ensure proper fit.

Manufactured from durable aluminum, FlexFit frames will not rust, rot, or deteriorate and never require repainting. Snap-on trim and door stops provide a clean, finished appearance with no exposed frame anchors. FlexFit is ideal for both new construction and retrofit applications.

Key Benefits

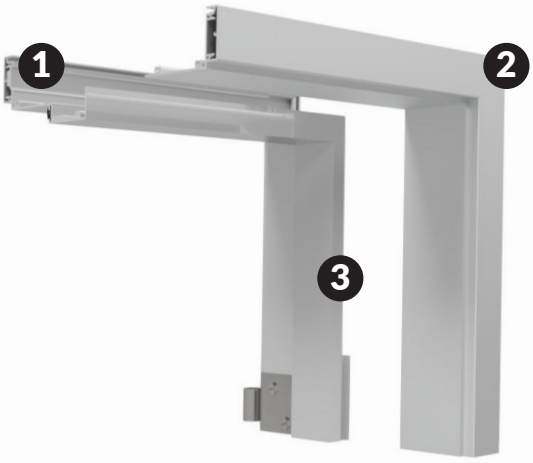

- Field-adjustable for varying wall thicknesses
- Saves installation time and reduces job site issues
- Durable aluminum construction
- Will not rust or require repainting
- Clean architectural appearance with concealed frame anchors

Applications

- Restaurants
- Convenience stores
- Gas stations and truck stops
- Retail facilities
- Offices
- Restrooms and shower rooms

Frame Construction

1. Precision-engineered aluminum frame designed for field adjustment.
2. Snap-on architectural trim with mitered corners.
3. Snap-on door stop with replaceable vinyl or mohair gasket conceals frame anchors.
