Solutions for **Convenience Stores**

Low-Maintenance Doors, Frames, and Bathroom Partitions

For Convenience Stores, Gas Stations, Truck Stops, and More.

Special-Lite offers dependable, aesthetically pleasing solutions that withstand the rigors of bustling retail spaces. Our doors, frames, and bathroom partitions are crafted to meet the unique demands of convenience store environments. Elevate your convenience store today with enduring quality and style.

Convenience Store Challenges

Convenience stores face specific challenges due to their constant flow of customers and diverse operational needs:

- **High Traffic:** Heavy foot traffic accelerates wear and tear on doors and frames, affecting their longevity and functionality.
- **Security:** Balancing accessibility with security is crucial to protect merchandise and ensure ease of access and peace of mind of customers and staff.
- **Maintenance:** In the fast-paced convenience store industry, low-maintenance solutions are essential to minimize disruptions and help ensure a pleasant shopping experience.
- **Weather Resistance:** Exterior entrances must withstand exposure to various weather conditions, necessitating materials that resist corrosion and damage.
- **Customization:** Convenience stores often have unique branding and design requirements, demanding customizable solutions to maintain aesthetic appeal.

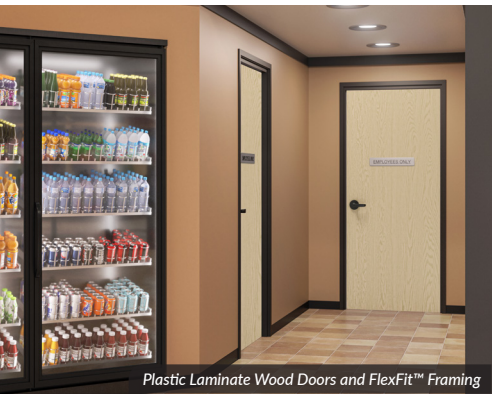

Smooth Aluminum Double-Acting Traffic Doors (DA-16S) with Fiberglass Frame.

Overcoming Convenience Store Challenges

By selecting high-quality doors, frames, and bathroom partitions designed specifically for the challenges of convenience store environments, you can help avoid security issues and extensive maintenance. Partner with experts who understand the unique needs of the industry to ensure reliability, security, and durability while meeting aesthetic and maintenance requirements.

Pebble Grain Hybrid FRP Doors (SL-17)

Plastic Laminate Wood Doors and FlexFit™ Framing

Rustic Wood Grain Stall Doors (SL-195) and FlexFit™ Framing

Pultruded Fiberglass Doors (AF-100) and FlexFit™ Framing

Stainless Steel Stall Doors (SL-165SS) with Fiberglass Framing

Reliability Where It Counts

Our doors, frames, and bathroom partitions are engineered to endure the demands of high-traffic environments, making them an ideal choice for convenience stores. Whether you need secure storefront doors, resilient back doors, interior doors and frames or another unique solution, we have innovative products tailored to your needs. Our range of products help ensure security and a positive customer experience.

Why Choose Special-Lite?

- **Security:** We help enhance the security of your convenience store with doors resistant to impacts, vandalism, and break-ins to give you and your employees peace of mind.
- **Graffiti Resistance:** Doors and bathroom partitions with graffiti-resistant options help ensure a clean and appealing environment.
- **Corrosion Resistance:** Our doors and frames won't rust or rot, ensuring their longevity and functionality.
- **Ease and Speed of Installation:** Our doors and frames are easy to install. Save time with factory-applied finishes, factory-installed hardware, and field-adjustable interior door frames.
- **Low-Maintenance Durability:** Our products are engineered to withstand heavy use in high-traffic areas, are easy to clean, and do not need to be painted to remain rust-free and reliable.
- **Customization:** Match your store's branding and design requirements with a range of configurations, colors, finishes, and hardware options.
- **One Source Simplicity:** Enjoy the convenience, reliability, and performance advantages of sourcing all your doors, frames, hardware from a single supplier.
- **Warranty:** We stand behind our products with simple warranties that work.

Pultruded Fiberglass Door (AF-100) and Sandstone Texture Hybrid FRP Door (SL-20) with Fiberglass Frames.
