OMEGA®

ALUMINUM INTERIOR FRAMING SYSTEM

BRIGHTER SPACES FOR
better health + productivity

Our interior framing system and exclusive door options provide a durable, highly customizable opening solution for government, healthcare, learning environments, and more.

Enhance Interior Spaces with Glass Wall and Door Systems

Design open-feeling floor plans with defined areas that allow natural light throughout the space or add privacy where you need it.

Our Type II aluminum framing is a great option for interior door frames, glass office fronts, conference rooms, transoms, borrowed lites, and more for new construction or renovation projects.

Frame Configurations

- Swing door frames
- Swing door frames with sidelites
- Swing door frames with transoms
- Sliding door system with sidelites
- Borrowed lites

Configuration Options

- Flush or non-flush appearance
- 3-way corner for glass return
- Elegant butt seam glazing
- True or applied mullions

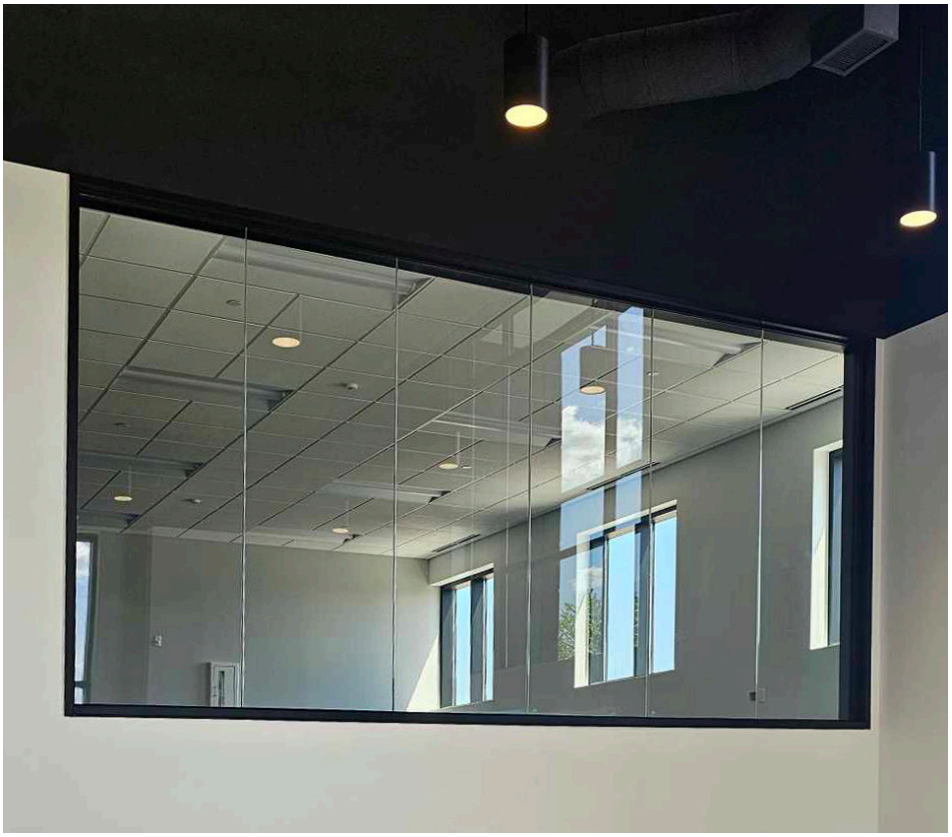

Omega Sidelite Corner

Choose Quality and Ease of Installation

Omega facilitates speedy construction; it is installed after tradespeople complete their work, removing the need to coordinate between the trades.

- Restaurants
- Hotels

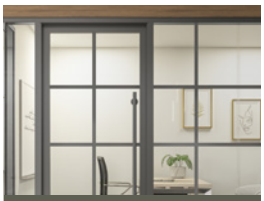

The Advantages of Omega™ Type II Interior Aluminum Framing

- **Durability:** Manufactured from aluminum alloy selected for strength and durability, our frames are lightweight, yet heavy-duty.
- **Low Maintenance:** Aluminum resists corrosion and other damage. It doesn't require painting, and routine cleaning with mild soap and water will keep it looking great.
- **Sustainability:** Our aluminum is sourced from reprocessed aluminum alloy and can help earn recycled material credit for LEED standards.
- **Factory Finish Customization:** Our wide variety of high-performance Anodized, Painted, and Wood Expressions™ finish options help make your architectural vision a reality.
- **Custom Door Options:** Enjoy the convenience, reliability, and performance advantages of ordering your doors and frames from one manufacturer with a wide variety of custom doors, including exclusive options.
- **Ease of Installation:** Snap-on trim conceals fasteners for a clean, sleek appearance; can be installed after wall finishing, ideal for tight construction timelines.
