

HOLLOW METAL REPLACEMENT FRP DOOR

The best hollow metal replacement door isn't metal, it's FRP.

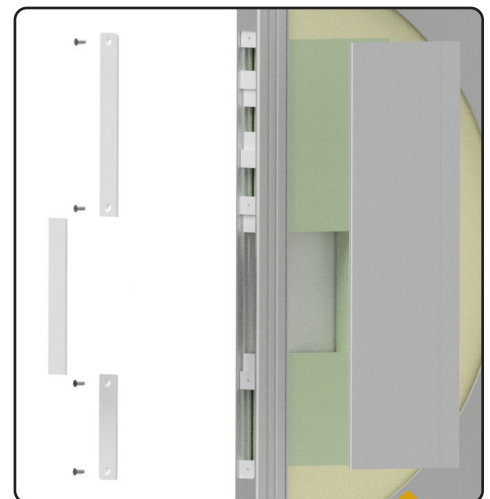

A durable, rust-free replacement door you can stock!

Save your customers the headache of dealing with rusted or dented metal doors. Special-Lite's Hollow Metal Replacement FRP Door is made from durable, low maintenance FRP. It's built to last and ready to install as is—no painting required!

Featuring an innovative design that accepts most common hardware, this door brings an in-stock FRP door option to your retrofit business with sizes that fit existing standard steel door openings. Stock this door to give your customers a reliable solution every time. The Hollow Metal Replacement FRP Door gives your customers not only a renewed look, but reliability and peace of mind for years to come.

Description	The Hollow Metal Replacement FRP Door is a Limited Distribution door with many of the benefits of our best-selling foam-injected FRP/Aluminum Hybrid door— all in a stock program and at a competitive price.
