Welcome Center Challenges

Doors, frames, and bathroom partitions in Welcome Centers and Rest Areas face unique challenges:

1. **Heavy Foot Traffic:** Constant flow of visitors requires doors and frames that can withstand daily wear and tear.
2. **Weather Exposure:** Exterior entrances must endure exposure to various weather conditions, requiring materials that resist corrosion and damage.
3. **Security:** Providing a secure environment for travelers is essential. Doors need to offer a balance of accessibility and protection.
4. **Aesthetic Appeal:** Welcome Centers often serve as the first introduction to a region. Doors and frames contribute to the overall visual appeal and impression.
5. **Ease of Maintenance:** Minimize downtime with low-maintenance solutions that keep your facility operational and looking its best.
6. **Sanitation Concerns:** Prioritize cleanliness with solutions that are easy to clean and sanitize, ensuring a hygienic environment.
