DA-19-1 Contemporary Wood Grain Hybrid FRP Double-Acting Traffic Door

Special-Lite® Double-Acting Traffic Doors are built to last. Inspired by our trusted, high-performance Hybrid FRP Doors and Bathroom Partitions, our Double-Acting Traffic Doors inherit a legacy of excellence and innovation.

This lightweight door panel design utilizes our time-proven, closed cell foaminjection technology to create a durable, moisture and corrosion-resistant door system to help save time and money long-term.

Our Double-Acting Traffic Doors feature an exclusive double-acting gravity pivot hinge for smooth operation in high-traffic areas, with proven durability of over 300,000 test cycles.

The DA-19-1 Double-Acting Traffic Door features a realistic, fine-textured cherry grain FRP door face for a smooth, modern wood door look that suits a variety of facilities from restaurants to recreational clubs.

Key Benefits

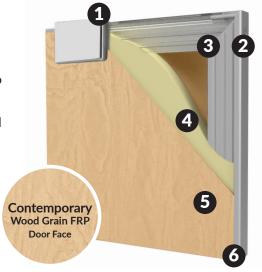

- Corrosion-resistant
- Easy to clean and sanitize
- Durable
- Customizable
- Easy to install

Applications

- Kitchens
- Retail and convenience stores
- Hospitality service areas
- Educational food service
- Healthcare and multifamily

Door Construction

- 1. Exclusive, smooth-operating double-acting gravity pivot hinge.
- 2. Mitered corner joints with corner clips create a strong infrastructure with no welds to break.
- 3. Aluminum perimeter stiles and rails make the panel lightweight, flexible, and corrosion-resistant.
- 4. Structural, high-density, injected polyurethane foam core binds the door panel components together and won't retain moisture.
- 5. Realistic cherry-based Contemporary Wood Grain FRP door face.
- 6. Face sheets are secured on all four sides by integral channels.
