

Dual Glazed LiteSpace® Demountable Glass Wall System

 **Acoustic Privacy**
Configurations up to STC 47

 **Versatile and Customizable**
Finish options, custom doors

 **Easy, Flexible Installation**
Measure and cut in the field for ultimate flexibility

The Dual Glazed LiteSpace system offers a sophisticated and high-performance solution for modern interior environments where sound insulation and aesthetic appeal are paramount. Designed with sleek, minimal profiles, this dual-glazed variation of LiteSpace maximizes natural light while providing exceptional acoustic separation. The dual glass panes enhance privacy and reduce noise transmission, making it ideal for office fronts, conference rooms, and other shared spaces where maintaining a quiet, focused atmosphere is essential.

Dual Glazed LiteSpace features innovative snap-in profiles, which allow for easy installation and reconfiguration to support changing layout needs. The system is installed into finished openings and the use of high-quality aluminum ensures durability and longevity.

SYSTEM FEATURES

- 1 Rectilinear design with 1-3/4" face. Overall depth of 4-1/8".

- 2 Integrated door stop; accommodates 1-3/4" framed aluminum doors, wood doors, up to 1/2" glass doors.

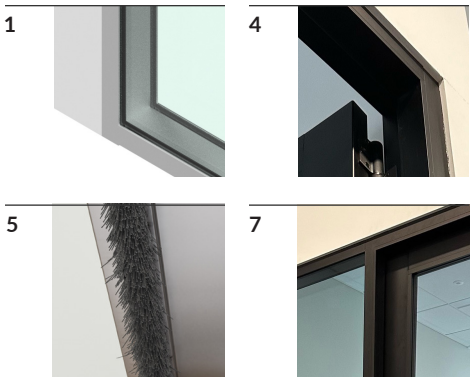

- 3 Pre-machined and reinforced for hardware in accordance with the door hardware schedule.

- 4 No exposed clips for member to member connections.

- 5 Vinyl door gasket black or grey coordinated with framing finish color.

- 6 Vinyl glazing bulb grey or black to match framing finish color.

- 7 Vertical aluminum mullions.

SYSTEM OPTIONS

- 8 Choose from dual-glazed aluminum stile and rail doors to coordinate with the system, glass doors up to 1/2" or another door of your choice.

- 9 Hardware options include surface pulls and locking leversets.

- 10 Clear and Black Anodized finishes in stock, with other anodized, painted, and wood grain aluminum finishes available.

- 11 Multiple glass sizes available per glazing channel; 1/4", 3/8", and 1/2".

- 12 Configuration options include glass returns, dual sidelites, and more.
