

Hurricane Product Questionnaire

Not sure which hurricane approval you need? Fill out this Questionnaire with the requirements for your opening, and our team will help you determine which approval/configuration meets your requirements.

Notes:

- Doors can be either Hurricane or Fire-Rated—not both.
- Psf required. Special-Lite labels design pressure in psf, not mph.
- See [Configuration Worksheets](#) for more details.
- See [Hurricane Approval Chart](#) for comparisons.
- Submitting an Estimate? Send to Estimating@special-lite.com
- Submitting an Order? Send to Orders@special-lite.com

Job Name _____
