

AF Design Standard

Introduction

Our AF fiberglass products tend to be used around common sizes and configurations. Meanwhile, we sometimes receive requests for estimates, or even have orders placed, for custom sizes and configurations.

We developed this AF Design Standard to convey to you the standard sizes and configurations. Any request that falls outside of these parameters enters a Customization Review process. This review can take up to 10 business days to determine manufacturability, costs, and the time to produce.

The AF Design Standard is applicable to AF series doors and frames.

However, it does not apply to ballistic-rated, hurricane-rated, or fire-rated fiberglass products.

Applicable Products

Doors:

- AF-100
- AF-200
- AF-217
- AF-219-1
- AF-220

Frames:

- AF-150
- AF-250
- AF Adjustable Framing

Miscellaneous:

- Fiberglass Vision Kits
- Fiberglass Louvers

AF-100 Door

Max size per single door: 48" x 96" (4' x 8')

Standard net door widths sized for butt hinges:

Actual	Nominal
31-3/4"	32"
35-3/4"	36"
41-3/4"	42"
47-3/4"	48"

Standard net door width sized for continuous hinge:

Actual	Nominal
35-1/2"	36"

Bottom Door Rail:

- Standard mortise (can trim).
- Optional flush bottom (cannot trim)

AF-200, AF-217, AF-220 Doors

Max size per single door: 48" x 96" (4' x 8').
Pairs may be unequal size if within max door size.

Bottom Door Rail:

- Standard flush (cannot trim).
- Optional mortised bottom (can trim)

Hinge Stiles:

- Square for butt hinges
- Beveled for continuous hinge

Lock Stiles:

- Standard Beveled Edge Lock Stile
- Optional Square Edge Lock Stile

AF-219-1 Door

Max size per single door: 42" x 96" (3'6" x 8')
Pairs may be unequal size if within max door size.

Bottom Door Rail:

- Standard flush (cannot trim).
- Optional mortised bottom (can trim)

Hinge Stiles:

- Square for butt hinges
- Beveled for continuous hinge

Lock Stiles:

- Standard Beveled Edge Lock Stile
- Optional Square Edge Lock Stile

Fiberglass Vision Kit

One piece in AF-100; two piece in AF-200, AF-217, AF-220, and AF-219-1

Standard Daylight Opening Sizes:

10" x 10"
12" x 12
4" x 25"
6" x 32"
21-1/2" x 24"
21-1/2" x 32"
17-1/2" x 63"
Based on 3'x7' door.
Consult factory for other size configurations.

Fiberglass Louver

Standard Open Air Sizes:

12" x 12-1/4"
18" x 18-3/8"
21-1/2" x 18-3/8"
21-1/2" x 24-1/2"
Consult factory for other size configurations
